airbnb function

Easy Convenience

4 Anti-Panic of One-Push way

In the event of an emergency such as a fire, the anti-panic feature enables residents a quick and safe evacuation by pushing the handle.

Smart Touch Pad

With the sensible LED and high quality touch screen, the key pad cover can be utilized easily without having to open it. Every time the user touch the key, it blinks.

Easy Convenience

It allows turning on or turning off the buzzer sound when using digital door lock. It is one time function which automatically deactivates after the regular procedure.

4 Low Battery Function

In case of low battery, low battery buzzer sound goes off.

Smart Feature

4 Master Passcode / RF Tag Function

If you set this function, someone can not open the door lock by passcode & RF Tag

4 Prank Prevention Function

Incorrectly entering the passcode the 5 consecutive times or more, the door lock does not operate for 30 seconds.

Smart Feature

4 Passcode Hide Function

Use the fake number and the actual passcode together whenever there is any chance of exposing the passcode to others.

4 Prevention of electronic shock & static

To prevent illegal entrance using the electric & electronic shock, the superior circuit blocks the impact.

Premium Safety

4 Durability of Strong Material

Considering durability and safety the best, it uses the Diecasting material resistant to fire or physical force.

4 Intrusion Alert Function

It rings the alarm when the door is forcibly opened from outside.

Premium Safety

4 Fire Detection Function

In case of sensing high temperature over $60^{\circ}C$, it alarms and activates door-open function.

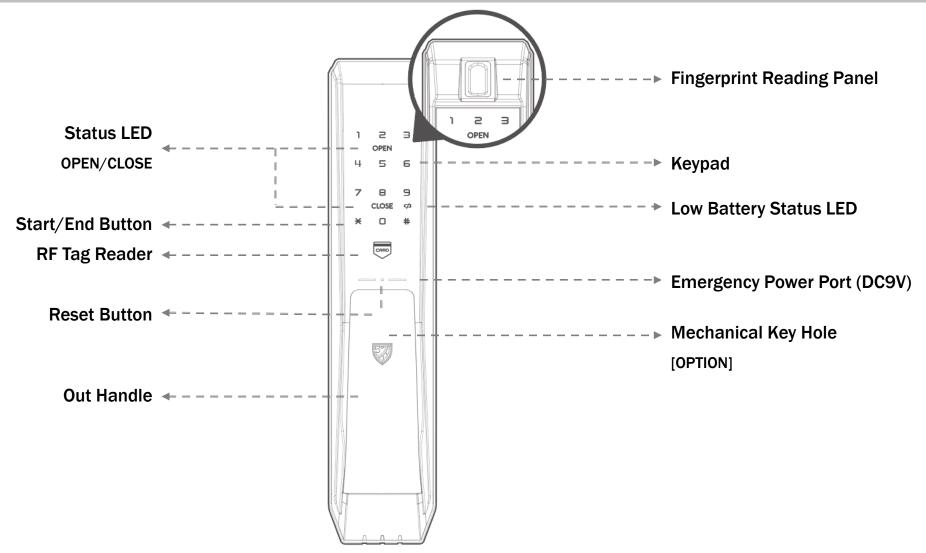

4 Fireproof Feature

K500 passes the fire-proof test over 1000 $^\circ\!\mathrm{C}$

Specification

Model	K500B2	K500B3	K300B4F
Rated Voltage	6V DC (4pcs of 1.5V AA type Alkaline batteries)		
Working Type	Passcode, RF Tag	Passcode, RF Tag, Mechanical Key	Fingerprint, Passcode, RF Tag, Mechanical Key
Weight	4.3Kg (Including package)		
Usage Temperature	-20℃ ~ 60℃		
Sensor Activating Temperature	60°C ± 10°C		
Product Size / Material (Width x Length x Depth)	Out-body Unit : 84(W) x 385(H) x 82(D) / Aluminum Die casting		
	In-body Unit : 84(W) x 382(H) x 82(D) / Fire Retardant ABS / Aluminum Die casting		
Battery Life	1 year if used 10 times per day ※ battery life depends on battery quality, usage frequency or usage environment		
Emergency Power	9V Alkaline Battery(6LF22) 1EA (Optional Product)		
Color Variation	Chrome Silver, Champagne Gold
